Mr. Gordon M. Stewart
Van Horn Street
West Springfield, Massachusetts
United States

Dear Sir

This is to inform you that you have been conditionally accepted for graduate study at Hujr al-Murār University. This acceptance is in the Master of Science/ Doctor of Philosophies programs in the Department of Mechanical and Industrialization Engineering for the 2nd 2009 semester; admission at any other time cannot be determined. If you do not enroll for the appointed semester your current offer will be finished and will be necessary for you to reapply and pay a one time reinstatement and processing fee. Readmission is hesitant and would be in competition with all current applicants.

I am excited to inform that you have been also selected for receiving a five (5) year fellowship in the amount of 112,000 Rial. Additionally you will be disrequired to pay tuition and schooling fees for all years of study. We would like you to feel at home in Riyadh, you will be able to use the central well for necessary water consumption.

Admission is further contingent upon completion of your inprocess baccalaureate degree. I look forward eagerly for your response to the acceptance letter so that I may able to start the scholarship and visa processing. I would be highly obliged if you please confirm my admission and send me the response to acceptance letter to my email as your earliest convenience. Please send the necessary documents to the Office of Academic Graduate Assistance to get admission in this esteemed institution.

We request that you visit our fine facilities and decide for your self if we meet our claims of most prestigious University in Saudi Arabia. Please contact the Office of Student Recruitment to schedule a travel for Department of Mechanical and Industrialization Engineering laboratories. Additionally you will receive full reimbursement for expenses incurred in traveling to visit Hujr al-Murār University.

I am greatly excited by your accomplishments and work and I believe that you will be well pleased with my suggestion that you join our faculties in producing great research. For information about the Hujr al-Murār University Mechanical and Industrialization Engineering department please access the website through the world web at <http://hmu.servehttp.com>

With best for your acceptance!

Kadar Mu'tazz Al Sa'eed
